		Community Project		Ms Lassen

*Students enrolled in the Primary Industries Academy do not have to take a Science but can if they wish.

**Foreign Languages are offered via online learning with Te Tura (formerly The Correspondence School).

INTRODUCTION

This guide provides information about the NCEA subjects available at Waiuku College. It is hoped that this information will help students, with the support of their parents/caregivers, to decide which subjects to take next year.

Choosing the right NCEA subjects is very important as it can have a major influence on a student's educational success. Students have a lot of subjects to choose from. It is important that they think carefully about where they want to go when they leave school before they decide which courses to take. If a student has no idea what they want to do, they should choose a broad range of subjects. Remember, it becomes more difficult to change direction as a student progresses through the senior school, so **think carefully, consult widely and choose wisely.**

Selecting Subjects

Take a close look at the Senior Subject Overview on the previous page. The overview shows all the subjects available at Waiuku College. Pay particular attention to which subjects lead on from Level 1 to Level 2 and Level 3.

Note those subjects that stop at a particular level, and plan how you will fill your options if you go on.

Students should follow a broad-based, general course of study for as long as possible. Early specialisation is not recommended.

Entry to some careers and tertiary courses can be made easier by selecting appropriate NCEA courses. The Careers Advisor can be consulted for information on these requirements.

If you want to go to university, or would like to have the option of going, make sure you choose four or five subjects that lead on to University Entrance Approved Subjects (UEAS).

General criteria you should use in your choices are:

- Your interests
- Your abilities
- Any career intentions you have
- Allow for flexibility in case of a change in your career plans
- Any subjects needed for higher level or tertiary studies

To make good decisions, you need the right information. Check that you have:

- Discussed your subject choices with your family, teachers, Whaanau Leader and the Careers Advisor
- Used the Quest Database at www.careers.govt.nz

Important Dates

- Monday 14th July – Senior Course Information booklets published
- Wednesday 23rd & Thursday 24th July – Whaanau Conferences
- Friday 1st August – Deadline for all subject choices to be entered via KAMAR portal

The school reserves the right to cancel or change courses.

WHO CAN I CONTACT FOR MORE INFORMATION/ADVICE?

If you have any questions regarding any of the courses on offer at Level 3 email the following people:

COURSE	TEACHER	EMAIL
Biology	Mr Buksh	bu@waiuku-college.school.nz

Mr O'Donnell	Rehua Whaanau Leader	patrick.odonnell@waiuku-college.school.nz
Mrs Woods	Careers Advisor	kathryn.woods@waiuku-college.school.nz
Ms Lassen	Yr12 Deputy Principal	sarah.lassen@waiuku-college.school.nz

HOW TO ENTER YOUR COURSE SELECTIONS ON KAMAR

1. Log in to the [KAMAR Portal](#)
2. Click on the **Course Selection** button

3. To view information about a subject, click on the subject's name.
4. Select your six subjects by clicking on one of the grey boxes in the row next to the subject's name. **Important:** you can only tick one box in columns 1 to 6.
5. Select two **Alternate** subjects that you would be happy to do if you are not able to get your first choice of subjects. Select your alternate subjects by clicking in the Alternate column on the right.
6. When you have selected your subjects, click on **Preview & Save** at the bottom of the screen. If you are happy with your choice, click on **Confirm Selection**.

The screenshot shows a 'Subject Confirmation' dialog box overlaid on the course selection page. The dialog box asks the user to confirm their course selection and lists the following subjects:

- 1: Level 3 Design - L3ADE
- 2: Level 3 Biology - L3BIO
- 3: Level 3 Building and Construction - L3BLC
- 4: Level 3 Business Studies - L3BUS
- 5: Level 3 Drama - L3DRA
- Alternate: Level 3 Digital Technology - L3DTE
- Alternate: Level 3 Design and Visual Communication - L3DVC

Below the dialog box, the course selection table is visible. The table has columns for Course, 1, 2, 3, 4, 5, 6, and Alternate. The selected subjects are highlighted with green checkmarks in the corresponding columns.

Course	1	2	3	4	5	6	Alternate
Visual Arts							
Level 3 Design (L3ADE)	✓						
Level 3 Photography (L3PHO)							
Level 3 Painting (L3PHY)							
Level 3 Printmaking (L3PRN)							
Science							
Level 3 Biology (L3BIO)		✓					
Level 3 Chemistry (L3CHE)							
Level 3 Physics (L3PHY)							
Materials Technology							
Level 3 Building and Construction (L3BLC)			✓				
Level 3 Product Design Technology (L3PDT)							
Mathematics							

At the bottom of the table, there is a legend for the subject codes and a 'Preview & Save' button.

What If I Change My Mind?

If you change your mind before the deadline for subject selections, you can log back in and change your selection by unticking the subjects you don't want and ticking the ones you do. Click on **Preview Selection** at the bottom of the screen and, if you're happy with your new list of subjects, click on **Confirm Selection**.

PLANNING SHEET

START

↓

When I leave school, I hope to:

↓

Don't know ☐

↓

So, I must keep my course as general as possible

↓

For this I will need NCEA Level 3 in:

1. _____
2. _____
3. _____
4. _____
5. _____

↓

So, at Level 2 I need:

1. English
2. _____
3. _____
4. _____
5. _____
6. _____

↓

So, at Level 1 I need:

1. English
2. Mathematics
3. Science (or Primary Industries)
4. _____
5. _____
6. _____

Get a job immediately ☐

↓

As a:

↓

For this I will need NCEA Level 3 in:

1. _____
2. _____
3. _____
4. _____
5. _____

↓

So, at Level 2 I need:

1. English
2. _____
3. _____
4. _____
5. _____
6. _____

↓

So, at Level 1 I need:

1. English
2. Mathematics
3. Science (or Primary Industries)
4. _____
5. _____
6. _____

Do a diploma or certificate course at polytechnic or a training course ☐

↓

The course/training will possibly be in:

↓

For this I will need NCEA Level 3 in:

1. _____
2. _____
3. _____
4. _____
5. _____

↓

So, at Level 2 I need:

1. English
2. _____
3. _____
4. _____
5. _____
6. _____

↓

So, at Level 1 I need:

1. English
2. Mathematics
3. Science (or Primary Industries)
4. _____
5. _____
6. _____

Do a degree at university or polytechnic ☐

↓

The degree will possibly be in:

↓

For this I will need NCEA Level 3 in:

1. _____
2. _____
3. _____
4. _____
5. _____

↓

So, at Level 2 I need:

1. English
2. _____
3. _____
4. _____
5. _____
6. _____

↓

So, at Level 1 I need:

1. English
2. Mathematics
3. Science (or Primary Industries)
4. _____
5. _____
6. _____

Have you checked Degree/Diploma Certificate requirements?

SENIOR COURSE GUIDELINES 2026

SENIOR QUALIFICATIONS

NCEA (National Certificate of Educational Achievement).

Each subject is divided into Standards. Each standard is worth a set number of credits. If students achieve a standard (in other words, they pass it) they are awarded the corresponding number of credits. In order to achieve NCEA Level 1, 2 or 3 students have to achieve 60 credits at the appropriate level, or above. They must also achieve NCEA Literacy and Numeracy.

NCEA Literacy and Numeracy: Starting in Year 10, students have two opportunities each year to sit the new Literacy and Numeracy exams. During the current transition phase, students can also gain Literacy and Numeracy by achieving certain Achievement Standards. However, Achievement Standard credits used towards Literacy and Numeracy cannot be counted towards the 60 required for NCEA certification.

NCEA Level 1: Students must achieve 60 credits at Level 1 or above. They must also meet the Literacy and Numeracy requirements.

NCEA Level 2: Students must achieve 60 credits at Level 2 or above. They must also meet the Literacy and Numeracy requirements.

NCEA Level 3: Students must achieve 60 credits at Level 3 or above. They must also meet the Literacy and Numeracy requirements.

Scholarship: These are optional exams run by NZQA, targeted at the top academic students in the country. Candidates are normally in Year 13 but students in Year 12 may sit them. Successful students receive financial awards ranging from one-off payments of \$500 up to \$10,000 per year for three years towards the cost of tertiary study. Scholarship exams do not count towards NCEA Level 3, nor do they lead to a qualification.

University Entrance

University Entrance, or UE, is the minimum qualification required by school leavers to study at a New Zealand university. To gain University Entrance students must:

- Achieve NCEA Level 3 – see above.
- Achieve 14 Level 3 credits in each of three University Entrance Approved Subjects (UEAS), e.g. 14 credits in English + 14 credits in Geography + 14 credits in Chemistry.
- Achieve UE Literacy by gaining 5 reading and 5 writing credits at Level 2 or above. UE Literacy credits are earned by gaining specific Achievement Standards at Level 2 or 3 across a range of subjects. UE Literacy is not the same NCEA Literacy.
- Achieve NCEA Numeracy – see above.

Many university courses have additional requirements in addition to UE. Students should research the exact requirements of any courses they are interested in applying for. Auckland University prefers students to have a minimum of 17 Level 2 or 3 English credits, in addition to the minimum UE Literacy requirements.

For more information about NCEA go to the [New Zealand Qualifications Authority](https://www.nzqa.govt.nz/) (NZQA) website and click on the Students and Family tab.

COURSE FEES

Please refer to individual subject pages for information about course related fees. By applying for a particular course, you are indicating your agreement to pay the related fees.

SENIOR COURSE STRUCTURE

The Senior Timetable

The senior timetable is made up of six lines. Each line has four periods giving a total of 24 periods a week. Period 5 on Wednesdays is a study period. Students in Years 11 and 12 take six subjects. Students in Yr13 normally take five subjects with the sixth line set aside for private study.

Year 11 students MUST take English, Maths or Numeracy and a Science subject (or Primary Industries), plus three options.

Year 12 students MUST take English or Te Reo Maaori and five options. They should retain a broad choice of subjects.

Year 13 Students must take a total of 5 options which make up a coherent overall course related to their proposed future pathway. Students may take a sixth subject at the discretion of their Whaanau Leader.

If students want the option of going to university, they should take four or five University Entrance Approved Subjects. They are also recommended to choose at least one subject that has a strong literacy element, e.g. English or History.

GETTING OPTIONS ADVICE

Students can get advice from their Whaanau Teacher, subject teachers, and Whaanau Leader. Heads of Department are also happy to assist in any way they can. Students can also speak with the school's Careers Advisor, Mrs Woods.

SPECIAL ASSESSMENT CONDITIONS

Some students are entitled to Special Assessment Conditions (SAC) such as a reader/writer or extra time when they are completing internal assessments and exams. Students can qualify for SAC for a variety of reasons, such as dyslexia, dyspraxia and a visual or hearing impairment. If students have had additional support in the junior school, they may qualify for SAC when doing NCEA assessments and exams. Contact Ms Grey, the school's Special Educational Needs Co-ordinator (SENCO), for more information.

WORK EXPERIENCE & TERTIARY STUDY OPTIONS FOR STUDENTS IN YEAR 12 &13

When students reach Year 12 new opportunities are presented that enable them to plan their pathway through the senior school and on to tertiary study or employment. These include the Gateway Programme and STAR Courses

GATEWAY PROGRAMME

Gateway is a programme for Year 12 and 13 students designed to support transition into the workforce or tertiary study. It provides an opportunity to experience options which students may want to explore before embarking on a career or further study.

Key Points:

- Students have to apply and go through an interview and selection process in order to be accepted onto the programme.
- Student must gain at least 20 NCEA credits towards employability and work readiness skills or workplace learning related to the student's career goals, at the co-ordinator's discretion.
- Students complete a work placement with an employer one day a week for approximately ten weeks, while they continue to study at school.
- Students develop a relationship with local businesses as well as links with Industry Training Organisations.

Students often benefit from the Gateway Programme by becoming more motivated and self-confident. Students have reported that workplace learning is easier because it is 'real'.

In recent years we have had Gateway placements in businesses including animal care, building, engineering, healthcare, hairdressing, equine, agriculture, sport and recreation, early childhood education, automotive, horticulture, construction, tourism, midwifery, plumbing and electrical.

In 2026 we will have placements available for 40 students in Year 12 and 13. Students will need to fill out a **Gateway Application Pack**, complete relevant sections on the school's career tool and successfully complete an interview.

Please contact the Gateway Coordinator in the Careers Centre for more information. Applications open in Term 4 and close at the end of Week 4 Term 1, 2026. Interviews will take place in Week 5 Term 1.

STAR COURSES 2026

The Secondary Tertiary Alignment Resource (STAR) helps students in Years 12 and 13 explore career pathways and make informed decisions about future work and study options.

COURSE FEES ARE PAID BY THE SCHOOL. However, if students fail to attend without just reason they will be billed for the full amount for the course.

- Students complete Unit Standard assessments that count towards NCEA Level 2 or above.
- Travel may be arranged by the school, but students should be willing to make their own way to course venues. Students may also have to pay part of the travel costs.
- Some courses run one day a week for a number of weeks during term time. Others run for several days during the holidays.
- By registering for a course, students are committing to attending every day the course runs.

A variety of courses are offered during the year. Here is a list of courses offered in previous years:

- Introduction to Acting
- Baking and Pastry for Cafes
- A Career in Nursing
- Flight Attending
- Tourism
- Taster Day – Health, Interior Design, Performing Arts, Landscaping, Engineering, Trades, Business
- First Aid
- Communication – Interview Techniques
- Forklift Truck Licence
- Auto Cad
- Creative Media
- Animal Technology
- Hair Dressing
- Make-up, Beauty
- Radio, Broadcasting

2026 Courses will be advertised in the Student Notices and assemblies.

Come in and see what is on offer in the Careers Department

VOCATIONAL PATHWAYS

BRIDGING THE GAP FROM LEARNING TO EARNING

As well to counting towards NCEA, many Level 2 and 3 credits also count towards one or more of the Vocational Pathways. Vocational Pathways awards highlight a student's learning, achievement and skills in relation to a particular group of industries or services. There are six Vocational Pathways:

- Creative Industries
- Primary Industries
- Service Industries
- Social and Community Services
- Manufacturing and Technology
- Construction and Infrastructure

HOW TO USE THE VOCATIONAL PATHWAYS INFORMATION

I Don't Know What I want to do When I Leave School

If you don't know what you want to do when you leave school you can use the Vocational Pathways information to get an idea of which industries or sectors the courses you choose may be useful for.

I Know What I want to do When I Leave School

If you know what you want to do when you leave school you can use the Vocational Pathways information to help you choose courses that will help you follow your desired career path.

VOCATIONAL PATHWAYS AWARDS

If you pass NCEA Level 2 and you have earned 60 Level 2 credits from the recommended list of standards for a particular pathway, including 20 from the list of sector-related standards, you will be awarded that Vocational Pathway on your Record of Achievement. For example you could receive the Primary Industries Vocational Pathway award or the Creative Industries Vocational Pathway award. This will tell employers and trainers that you already have a good foundation to start training in their particular industry.

LEVEL 1 STANDARDS AND VOCATIONAL PATHWAYS

Although Level 1 credits do not count towards any of the Vocational Pathways Awards, there is a list of recommended standards. These standards are considered to develop the necessary knowledge and skills to get you started on your way towards achieving a particular Level 2 Vocational Pathway award.

Health and Physical Education

He oranga ngākau, he pikinga waiora.
Positive feelings in your heart will enhance your sense of self-worth.

Levels 1–3 Certificates

Air Force Airman/Airwoman	Furniture Packer/Mover	Police Officer
Air Force Officer	Gardener Grounds person	Professional Sportsperson
Aircraft Loader	Health Care Assistant	Ranger
Army Officer	Hunter/Trapper	Recreation Co-Ordinator
Army Soldier	Landscaper	Rubbish/Recycling Collector
Caretaker	Nanny/Child Carer	Security Officer/Guard
Cleaner	Navy Officer	Sports Coach/Official
Clinical Coder	Navy Sailor	Storeperson
Dancer	Outdoor Recreation Guide/Instructor	Teacher Aide
Dental Assistant	Parking Officer	
Dispensing Optician	Phlebotomist	
Diver		
Firefighter		

Levels 4–6 Certificates and diplomas

Anaesthetic Technician	Floor Covering Installer	Roofer
Beauty Therapist	Health and Safety Adviser	Scaffolder
Biomedical Technician	Health Promoter	Sterilising Technician
Brick and Blocklayer	Joiner	Stonemason
Community Development Worker	Massage Therapist	Support Worker
Community Karitane	Medical Laboratory Technician	Youth Worker
Diversional Therapist	Personal Trainer/Fitness Instructor	
Emergency Management Officer	Pharmacy Technician	

Levels 6–7 Diplomas and degrees

Acupuncturist	Naturopath	Secondary School Teacher
Biochemist	Occupational Therapist	Social Worker
Biomedical Engineer	Optometrist	Speech-Language Therapist
Chiropractor	Oral Health Therapist	
Counsellor	Paramedic	
Dental Technician	Pharmacist	
Environmental/Public Health Officer	Physiotherapist	
Kaiwhakaako Māori	Podiatrist	
Medical Imaging Technologist	Primary School Teacher	
Medical Laboratory Scientist	Psychotherapist	
Midwife	Radiation Therapist	
	Registered Nurse	

Levels 8–10 Postgraduate qualifications

Anaesthetist	Gynaecologist/Obstetrician	Psychologist
Audiologist/Audiometrist	Health Services Manager	Radiation Oncologist
Clinical Physiologist	Medical Physicist	Surgeon
Dentist	Ophthalmologist	Tertiary Lecturer
Diagnostic Radiologist	Osteopath	
Dietitian	Pathologist	
Epidemiologist	Physician	
General Practitioner	Psychiatrist

Processing and Construction

Pai tū, pai hinga, nā wai, nā oti.

One may work properly, another may act, yet the sum total is the completion of the work.

Levels 1–3 Certificates

Apparel Cutter	Food and Beverage Factory Worker	Pulp and Paper Mill Operator
Building and Construction Labourer	Forklift Operator	Recycler/Dismantler
Building Insulator	Furniture Finisher	Sewing Machinist
Chemical Production Operator	Glass Processor	Textile Process Operator
Concrete Worker	Industrial Spray Painter	Tyre Technician
Crane Operator	Lighting Technician	Welder
Driller	Mail and Parcel Sorter	Wood Processing Worker
Earthmoving Machine Operator	Meat/Seafood Process Worker	
Energy and Chemical Plant Operator	Painter and Decorator	
	Plasterer	
	Plastics Worker	

Levels 4–6 Certificates and diplomas

Aircraft Maintenance Engineer	Fashion Designer	Printer
Automotive Refinisher	Floor and Wall Tiler	Production Manager
Automotive Technician	Floor Covering Installer	Quantity Surveyor
Baker	Graphic Pre-press Worker	Refrigeration/Air-conditioning Technician
Biomedical Technician	Joiner	Roofer
Butcher	Lift Technician	Saw Doctor
Carpenter	Line Mechanic	Scaffolder
Civil Engineering Technician/Draughtsperson	Marine Engineer	Science Technician
Coachbuilder/Trimmer	Mechanical Engineering Technician	Telecommunications Engineer
Collision Repair Technician	Metal Worker	Telecommunications Technician
Dairy Processing Operator	Patternmaker	Upholsterer
Electrical Engineering Technician	Plastics Technician	Water/Waste Water Treatment Operator
Engineering Machinist	Plumber, Gasfitter and Drainlayer	Winemaker
Fabrication Engineer	Print Finisher	

Levels 6–7 Diplomas and degrees

Aeronautical Engineer	Building Surveyor	Kaiwhakaako Māori
Architectural Technician	Business Analyst	Mechanical Engineer
Biochemist	Chemical Engineer	Medical Laboratory Scientist
Biomedical Engineer	Civil Engineer	Mining Engineer
Biotechnologist	Electrical Engineer	Secondary School Teacher
Boat Builder	Electronics Engineer	Surveyor
Brewer	Environmental Engineer	Technical Writer
Building and Construction Manager	Food Technologist	
Building Contractor	Industrial Designer	

Levels 8–10 Postgraduate qualifications

Architect
Chemist
Conservator
Forensic Scientist
Tertiary Lecturer

Mechanical Technologies

E tipu e rea.

Don't just grow but thrive!

Levels 1–3 Certificates

Aircraft Loader	Pulp and Paper Mill Operator
Aircraft Refueller	Ranger
Caretaker	Recycler/Dismantler
Deckhand	Roading Construction Worker
Fencer	Roadmarker
Forestry and Logging Worker	Stevedore
Forklift Operator	Tow Truck Operator
Glass Processor	Train Driver
Glazier	Tyre Technician
Heavy Truck Driver	Welder
Industrial Spray Painter	Wood Processing Worker
Miner/Quarry Worker	

Levels 4–6 Certificates and diplomas

Aircraft Maintenance Engineer	Engineering Machinist	Stonemason
Automotive Electrician	Fabrication Engineer	Survey Technician
Automotive Refinisher	Facilities Manager	Watchmaker and Repairer
Automotive Technician	Lift Technician	
Biomedical Technician	Line Mechanic	
Brick and Blocklayer	Locksmith	
Cabinet Maker	Marine Engineer	
Civil Engineering Technician/Draughtsperson	Mechanical Engineering Technician	
Coachbuilder/Trimmer	Metal Worker	
Collision Repair Technician	Mine/Quarry Manager	
Electrical Engineering Technician	Plastics Technician	
Electrician	Print Finisher	
Electronics Trades Worker	Printer	
	Refrigeration/Air-conditioning Technician	

Levels 6–7 Diplomas and degrees

Aeronautical Engineer	Mechanical Engineer
Architectural Technician	Mining Engineer
Biomedical Engineer	Primary School Teacher
Boat Builder	Secondary School Teacher
Chemical Engineer	
Electrical Engineer	
Electronics Engineer	
Industrial Designer	
Kaiwhakaako Māori	

Levels 8–10 Postgraduate qualifications

Curator	Naval Architect
Fire Engineer	Tertiary Lecturer

Design and Visual Communication

Mā ngā huruhuru ka rere te manu.

It is the feathers that enable the bird to fly.

Levels 1–3 Certificates

Apparel Cutter	Tattoo Artist
Artist	Teacher Aide
Florist	Visual Merchandiser
Glass Processor	
Lighting Technician	
Make-up Artist	
Painter and Decorator	
Photographer	
Production Assistant (Film, Television, Radio or Stage)	

Levels 4–6 Certificates and diplomas

Advertising Specialist	Game Developer
Animator/Digital Artist	Graphic Pre-press Worker
Beauty Therapist	Hairdresser/Barber
Biomedical Technician	Interior Designer
Cabinet Maker	Jeweller
Communications Professional	Marketing Specialist
Copywriter	Media Producer
Diversional Therapist	Metal Worker
Editor	Patternmaker
Electronics Trades Worker	Plumber, Gasfitter and Drainlayer
Engineering Machinist	Print Finisher
Exhibition and Collections Technician	Signmaker
Fashion Designer	Stonemason/Tailor/Dressmaker
Film and Video Editor	Upholsterer
Film/Television Camera Operator	User Experience Designer

Levels 6–7 Diplomas and degrees

Architectural Technician	Geospatial Specialist	Surveyor
Art Director (Film, Television or Stage)	Graphic Designer	Technical Writer
Artistic Director	Industrial Designer	Valuer
Biomedical Engineer	Journalist	
Boat Builder	Kaiwhakaako Māori	
Building and Construction Manager	Landscape Architect	
Building Surveyor	Primary School Teacher	
Director (Film, Television, Radio or Stage)	Private Teacher/Tutor	
Early Childhood Teacher	Sales and Marketing Manager	
	Secondary School Teacher	

Levels 8–10 Postgraduate qualifications

Architect	Naval Architect
Conservator	Tertiary Lecturer

Levels 1–3 Certificates

Accounts Officer	Chemical Production Operator	Glazier
Administration Officer	Customs Broker/Freight Forwarder	Payroll Officer
Apparel Cutter	Dairy Farm Assistant	Phlebotomist
Bank Worker	Debt Collector	Police Officer
Bartender	Energy and Chemical Plant Operator	Table Games Dealer
Building Insulator		Welder
Cafe Worker		

Levels 4–6 Certificates and diplomas

Aeroplane Pilot	Fabrication Engineer	Purchasing/Supply Officer
Aircraft Maintenance Engineer	Financial Adviser	Quantity Surveyor
Automotive Electrician	Floor and Wall Tiler	Refrigeration/Air-conditioning Technician
Brick and Blocklayer	Floor Covering Installer	Retail Manager
Cafe/Restaurant Manager	Helicopter Pilot	Scaffolder
Carpenter	Insurance Adviser	Sharemilker
Civil Engineering Technician/Draughtsperson	Joiner	Stonemason
Dairy Herd Manager	Marine Engineer	Survey Technician
Electrical Engineering Technician	Mechanical Engineering Technician	Telecommunications Engineer
Electrician	Mortgage Broker	Viticulturist
Energy/Carbon Auditor	Orchard Farmer/Manager	Water/Waste Water Treatment Operator
Engineering Machinist	Patternmaker	
	Pharmacy Technician	

Levels 6–7 Diplomas and degrees

Accountant	Civil Engineer	Mining Engineer
Aeronautical Engineer	Data Analyst	Pharmacist
Architectural Technician	Electrical Engineer	Private Teacher/Tutor
Auditor	Electronics Engineer	Radiation Therapist
Biochemist	Food Technologist	Sales and Marketing Manager
Biomedical Engineer	Geospatial Specialist	Secondary School Teacher
Boat Builder	Kaiwhakaako Māori	Statistician
Building and Construction Manager	Market Research Analyst	Surveyor
Building Contractor	Mechanical Engineer	Valuer
Building Surveyor	Medical Laboratory Scientist	
Chemical Engineer	Meteorologist	
	Microbiologist	

Levels 8–10 Postgraduate qualifications

Actuary	Forensic Scientist	Naval Architect
Architect	Forestry Scientist	Ophthalmologist
Audiologist/Audiometrist	General Practitioner	Osteopath
Chemist	Geologist	Pathologist
Dentist	Geophysicist	Physician
Diagnostic Radiologist	Gynaecologist/Obstetrician	Psychiatrist
Economist	Health Services Manager	Radiation Oncologist
Epidemiologist	Marine Biologist	Surgeon
Finance Manager	Mathematician	Tertiary Lecturer
Fire Engineer	Medical Physicist

Subject: **BIOLOGY - L3BIO**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **18**

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

It is recommended that you have taken Level 1 Science Advanced and Level 2 Biology.

What Will You be Studying?

- How plants and animals respond to changes in their external environment (behaviour)
- How humans maintain a stable blood sugar levels (homeostasis)
- Developing an informed opinion about a socio-scientific issue
- How evolutionary processes have led to human biological and cultural development
- The implications of selective breeding and genetic engineering

How Much Does the Course Cost?

- Proposed trip to Auckland Zoo – cost to be confirmed (optional but recommended)

What Does This Subject Lead on to?

- University BA or BSc courses, Health Science and Veterinary Science courses

Which Vocational Pathways Does This Course Contribute To?

Vocational Pathway	Credits Available
Construction & Infrastructure	0
Manufacturing & Technology	0
Primary Industries	12
Service Industries	0
Social & Community Services	3
Creative Industries	0

Subject: **BUILDING AND CONSTRUCTION - L3BLC**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **22**

Is This Subject Approved for University Entrance (UEAS): **No**

Can I Gain a Course Endorsement in this Subject: **No**

Recommended Prior Learning:

- It is recommended that you have completed Level 2 Materials Technology

What Will You be Studying?

- Understanding building plans
- Timber frame construction
- Use of woodworking machinery
- Use and care of hand tools
- Team work to build a small building project, shed/sleep out

How Much Does the Course Cost?

- This course is STAR funded – there is no cost to students.
- Appropriate strong, closed-toe footwear suitable for a workshop environment

What Does This Subject Lead on to?

- Direct entry to BCITO apprenticeship

Which Vocational Pathways Does This Course Contribute To?

Subject: **BUSINESS STUDIES – L3BUS**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **19**

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

Successful completion of Level 2 Business

What Will You be Studying?

- Developing a marketing plan for a new or existing product
- Carrying out an innovative and sustainable business activity
- How internal factors interact within a business that operates in a global context

How Much Does the Course Cost?

- This course works alongside the Young Enterprise Scheme (YES) which requires a \$30 fee which covers mentoring and support throughout the year. Students will also need to fundraise and fund the starting of their own businesses.

What Does This Subject Lead on to?

- Business and commerce at tertiary level, as well as providing a platform for work in any business-related field

Which Vocational Pathways Does This Course Contribute To?

Vocational Pathway	Credits Available
Construction & Infrastructure	0
Manufacturing & Technology	9
Primary Industries	19
Service Industries	19
Social & Community Services	0

Subject: **CALCULUS – L3CAL**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **23**

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

Successful completion of Level 2 Mathematics including Algebra.

What Will You be Studying?

- Trigonometry – expressions and equations
- Complex numbers – manipulate and use complex numbers
- Systems of Equations – solving 3 by 3 systems of simultaneous equations
- Differentiation – choose and apply a variety of techniques
- Integration – apply a variety of integration and anti-differentiation techniques
- Conic sections – work with their equations, graphs and properties

How Much Does the Course Cost?

- Graphics calculator to be purchased with stationery – cost varies **(Compulsory for this course!)**

What Does This Subject Lead on to?

- Most tertiary study, in particular, engineering

Subject: **CHEMISTRY - L3CHE**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **23**

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

- It is recommended that you have taken both Level 1 Chemistry & Biology and Level 2 Chemistry.

What Will You be Studying?

- Spectroscopic data and using it to identify organic chemicals
- Quantitative determination of amount of substance in a sample
- How particles are attracted to each other and form different shapes
- Further investigations into organic chemistry and groups of organic molecules
- Investigating aspects of chemical reactions occurring with the transfer of electrons

How Much Does the Course Cost?

- There are no course fees

What Does This Subject Lead on to?

- University B.A. and B.Sc courses in chemistry and related fields.

Subject: **DESIGN - L3ADE**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **22**

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

- It is recommended that you have taken a senior Art Subject or have had a conversation with the Head of Art before selecting print making (If you have never taken senior Art before).

What Will You be Studying?

- How to demonstrate an understanding of methods and ideas from established practice appropriate to design.
- How to use drawing methods to apply knowledge of conventions appropriate to design.
- How to develop ideas in a related series of drawings appropriate to established design.
- How to produce a systematic body of work that shows understanding of art making conventions and ideas within design.
- Extending knowledge and skills of Adobe Creative Cloud.

Stationery required for the course

- \$50 - this covers all materials, software licenses and folio boards.
- Students will need their own USB memory stick (At least 16GB).
- We also offer a optional trip for year 13s to attend to the gallery – this is optional but will help students to look at established Art practices (Cost depends on the number of students attending).

What Further Study Does This Subject Lead To?

- A range of university and tertiary courses.

Which Vocational Pathways Does This Course Contribute To?

Subject: **DIGITAL TECHNOLOGY - L3DTE**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **18**

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **No**

Recommended Prior Learning:

- It is recommended that you have taken Level 2 Digital Technology. OR If you have strengths in Digital Media from other subjects such as Art Design, or DVC.

What Will You be Studying?

- How to develop a develop a design for a digital technologies outcome
- How to use complex processes to develop a digital technologies outcome.
- How to use complex techniques to develop a digital media outcome (D.M.O.)
- Programming

How Much Does the Course Cost?

- NIL

What Does This Subject Lead on to?

- University BA or BSc courses
- Film, Media Design

Subject: **FOREIGN LANGUAGES – L3LAN**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **Varies**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

It is recommended that you have studied your chosen language(s) in Year 9 and Year 10 and/or you are a native speaker of that language.

Distance Learning:

All foreign language courses are offered via distance learning with outside providers. Students will be monitored and supported by a member of staff. However, they will not have access to a subject specialist in the normal way. Therefore, it's important that students opting to take a foreign language are highly motivated, independent learners with sound time management skills.

For more information, please contact Mr Ditchburn.

Languages Offered

The following languages have previously been available at NCEA Level 1, 2 and 3. Other languages may be available.

- Chinese (Mandarin)
- French
- German
- Japanese
- Samoan
- Spanish

Subject: **GEOGRAPHY – L3GEO**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **19**

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

Recommended that you have taken both Level 1 and Level 2 Geography, or Level 2 Biology, English, Business or History.

What Will You be Studying?

- Consider a current geographic issue – The Plastic Plague – Single use plastic in Asia
- Using ArcGIS technology to plan a new DOC hut within a national park.
- Paddocks to Planning: Exploring Agribusiness, Event Logistics and Impacts at Fieldays.
- Slithering Danger: What leads to snakebites & how it shapes lives & communities.
- From maps to meaning: applying geography in everyday life.
- Use geographic research to address an environmental planning issue.

How Much Does the Course Cost?

- Recommended day trip to Auckland City - \$100.00 (approximately)
- Optional 10-day Trip to Japan, September 2026. Price TBC.

What Does This Subject Lead on to?

- University Pathways such as Planning, Environmental Management, Agricultural, BA or BSc courses

Subject: **HEALTH – L3HTH**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **20**

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes.**

Recommended Prior Learning:

It is Strongly recommended that you have taken Level 2 Health or discuss with Head of Faculty. Health has a strong literacy component, and you should have an interest in human health, its behaviour and the impact on society.

What Will You be Studying?

Students will analyse a current NZ health issue e.g. Childhood Poverty and a current international health issue e.g. Diabetes in the Pacific. Students will research and evaluate a range of health practices used in New Zealand to treat health conditions of interest to them e.g. Cancer. They will examine the different models of health promotion and their implications for well-being and examine contemporary ethical Issues e.g. euthanasia or assistive reproductive therapy.

How Much Does the Course Cost?

- There are no course fees

What Does This Subject Lead on to?

- Tertiary Study in Health Science, Health Promotion, Public Health, Occupational Therapy, Nursing, Physiotherapy, Pharmacy, Biomedical Sciences, Sociology, Psychology, Social Work and Education.

Subject: **HOSPITALITY & CATERING – L3HSP**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **23**

Is This Subject Approved for University Entrance (UEAS): **No**

Can I Gain a Course Endorsement in this Subject: **No**

Recommended Prior Learning:

- It is recommended that you have taken both Level 1 and Level 2 Food related subjects.

What Will You be Studying?

- Knowledge of basic nutrition in commercial catering.
- Preparing and presenting espresso beverages for service.
- Art of coffee Making.
- Demonstrate knowledge of a large variety of food commodities.
- Analyse the influences of food advertising on well-being.

What Does This Subject Lead on to?

- Careers in the hospitality industry.

Subject: **MUSIC – L3MUS**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **22 -26**

Can I Gain a Course Endorsement in this Subject: **Yes – if pathway 1 (academic music) is selected**

Recommended Prior Learning:

It is recommended that you pass Level 2 Music at an Achieved level or better. Students must be enrolled in itinerant instrument lessons throughout the year as part of the requirement to take music.

What will you be Studying?

In L3 Music students have a choice of 3 learning pathways:

1. Music/Academic – UE & Subject Endorsement

- How to perform short programmes of music as a featured soloist and member of a group ensemble.
- How to compose original pieces of music.
- How to demonstrate knowledge of conventions used in music scores.
- How to research a music topic.

2. Music/Practical (two instruments/ or one instrument + a composition standard) – UE

- How to perform short programmes of music as a featured soloist on two instruments.
- How to perform a programme of music in a group.
- Optional: *(instead of second instrument)* – how to compose original pieces of music.

3. Music/Practical 2 – US/ Supporting L3 NCEA Certificate

- How to perform short programmes of music as a featured soloist.
- How to perform a programme of music in a group.
- How to create an original arrangement of existing Māori music compositions to then perform.

How Much Does the Course Cost?

- Recommended \$35.00 to purchase a set of headphones and a USB, (students can provide their own). Itinerant Music Lessons available.

What Does This Subject Lead on to?

- University BMUS plus a range of other university or tertiary courses.

Which Vocational Pathways Does This Course Contribute To?

Vocational Pathway	Credits Available for each course:
Construction & Infrastructure	-
Manufacturing & Technology	-
Primary Industries	-
Service Industries	-
Social & Community Services	-
Creative Industries	(1) 26 (2) 24 (3) 22

Subject: **OUTDOOR LEADERSHIP – L3ODL**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: 19 Unit Standards

Is This Subject Approved for University Entrance (UEAS): NO

Can I Gain a Course Endorsement in this Subject: NO

Recommended Prior Learning: It is recommended that you have taken level 2 Outdoor leadership. Class sizes will be limited; it is highly probable students will need to be interviewed.

What Will You be Studying?

- Learning will be focussed on practical learning in an outdoor setting
- Mountain Biking
- Overnight tramping and camping
- Sea kayaking
- Weather

How Much Does the Course Cost?

There will be overnight and day trips that will require instructors and hire equipment that we expect could cost up \$750 for the year.

What Further Study Does This Subject Lead on to?

Can lead to higher education in fields like outdoor leadership, sports science, or environmental studies. Prepares students for roles in outdoor education, adventure tourism, youth work, and environmental conservation.

Subject: **PAINTING – L3PNT**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **22** (2 internals and 1 external)

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

It is recommended that you have taken a senior Art Subject or have had a conversation with the Head of Art before selecting print making (If you have never taken senior Art before).

What Will You be Studying?

- How to analyse methods and ideas from painting practices
- How to use drawing to demonstrate understanding of conventions appropriate to painting.
- How to systematically clarify ideas using drawing informed by established practices in painting.
- How to produce a systematic body of work that integrates conventions and regenerates ideas from painting.
- How to produce a resolved work that demonstrates purposeful control of skills.

How Much Does the Course Cost?

- Students can use brushes and paints provided in school but will need their own at home to work on their Art. A range of painting materials are available to purchase in school if students require.

What Does This Subject Lead on to?

- A range of university and tertiary courses.

Subject: **PHOTOGRAPHY – L3PHO**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: 22

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

It is recommended that you have taken a senior Art Subject or have had a conversation with the Head of Art before selecting print making (If you have never taken senior Art before).

What Will You be Studying?

- How to demonstrate an understanding of methods and ideas from established practice appropriate to photography.
- How to use drawing methods to apply knowledge of conventions appropriate to photography.
- How to develop ideas in a related series of drawings appropriate to established photography.
- How to produce a systematic body of work that shows understanding of art making conventions and ideas within photography.
- Extending knowledge and skills of Adobe Creative Cloud.
- Extending knowledge of Cameras and conventions.

How Much Does the Course Cost?

- \$50.00. This covers all materials, software licenses, printing and folio boards.
- Students also need their own USB (At least 16GB) and an SD card to save their photos.
- We also run a trip that students find ideas for their theme on costs of this will be confirmed in class.

What Does This Subject Lead on to?

- A range of university and tertiary courses.

Subject: **PHYSICS – L3PHY**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **23**

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

It is recommended that you have taken NCEA Level 2 Physics and Mathematics

What Will You be Studying?

- How to use the scientific method, by designing and carrying out experiments to solve Physics problems to a selected context.
- How to carry out a practical investigation that leads to a non-linear relationship
- Classical Mechanics which includes translational, rotational and simple harmonic motion
- Waves including the Doppler Effect, standing waves in musical instrument and interference patterns
- Optional Electrical Systems including Kirchoff's Laws, capacitors, inductors and alternating current

How Much Does the Course Cost?

- Optional Level 3 Physics workbook - \$25.00

What Does This Subject Lead on to?

- University and tertiary courses.

Subject: **PRODUCT DESIGN TECHNOLOGY - L3PDT**

Level: **NCEA LEVEL 3.**

Number of Lessons per Week: **4**

Total Credits Available: **18**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

L1 and L2 Technology, Science and possibly some Art and DVC.

What Will You be Studying?

- Undertake project management to support technological practice.
- Develop a prototype considering fitness for purpose in the broadest sense.
- Demonstrate understanding of how technological modelling supports technological development and implementation.
- Undertake a critique of a technological outcome's design.

How Much Does the Course Cost?

- No cost

What Does This Subject Lead on to?

- BSc , BTech, Product designer, electronics engineer, industrial designer.
- Product and Packaging Design and Engineering, Materials Engineering and Mechanical Engineering.

Subject: **SPORTS LEADERSHIP – L3SPT**

Level: **NCEA Level 3**

Number of Lessons per Week: **4**

Total Credits Available: **24**

Is This Subject Approved for University Entrance (UEAS): **No**

Can I Gain a Course Endorsement in this Subject: **No**

Recommended Prior Learning:

It is recommended that you have taken Level 2 Sport Studies.

What Will You be Studying?

- How to be an effective coach.
- How to be a fitness instructor at the gym.
- How to plan, implement and review an event.
- How to improve your level of performance in a team and/or individual sports.
- If taking PE & Sports Leadership, you will qualify for the AS91501 4 credits in one subject only (The highest grade will dictate which).

How Much Does the Course Cost?

- All course costs associated with this course will be covered by STAR Funding.
- There is no subject fee charged to students.
- Please Note: There will be an excursion for the Event Planning Module in Term Four at an extra charge (Approx. Cost \$20-\$50 depending on student choice, however, a free in school option is available).

What Does This Subject Lead on to?

- This course has been designed as a steppingstone for future study in the Sport and Recreation field.

Subject: **STATISTICS – L3STA**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: **22**

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

Successful completion of Level 2 Mathematics including Informal Inference and Probability.

What Will You be Studying?

- Systems of Equations – solving 3 by 3 systems of simultaneous equations
- Probability concepts – Venn diagrams, two-way tables, and tree diagrams
- Formal Inference – use software for statistical data analysis to make an inference
- Probability distributions – normal, binomial, Poisson, triangular and uniform
- Bivariate – use software for statistical data analysis involving bivariate data
- Linear Programming – finding maximums and minimums in feasible regions

How Much Does the Course Cost?

- Graphics calculator to be purchased with stationery – cost varies **(Compulsory for this course!)**

What Does This Subject Lead on to?

- Most tertiary study

Subject: **TE AO HAKA – L3TAH**

Level: **NCEA LEVEL 3**

Number of Lessons per Week: **4**

Total Credits Available: 15

Is This Subject Approved for University Entrance (UEAS): **Yes**

Can I Gain a Course Endorsement in this Subject: **Yes**

Recommended Prior Learning:

It is recommended that you have taken both Level 1 and Level 2 Te Ao Haka.

What Will You be Studying?

- Students will explore their point of view through observing components, elements and features of performance.
- Students will develop and utilise deep understanding of narrative to enhance their performance.
- Students will use connection to and experience of Māori culture, language and practice to enhance and embody performance.
- Students will refine their understanding and use of unique tikanga and reo features through performance.
- Students will refine their skills in performance.
- Students will refine their leadership skills, knowledge, and tikanga within Te Ao Haka.
- Students will express their perspective as an observer of performance.

How Much Does the Course Cost?

- There are no course fees

What Does This Subject Lead on to?

- University BA
