

The I-Hub Library Resource Centre

1.4

Rationale

1. All students and staff shall have access to an adequately resourced Library with provision of modern Information Technology equipment and systems

Requirements

1. The library will be managed by the Librarian under the Line Management of the Business Manager
2. The Librarian will consult with the staff and students and carry out collection assessment to ensure that library resources support the curriculum.
3. The Librarian will prepare an annual budget which details spending priorities for the year.
4. The library and its resources will reflect the bicultural heritage and multicultural nature of the school community and cater for the range of learning needs of students.
5. The library will be flexibly scheduled with a weekly open booking system. HODs are responsible for encouraging teachers to use the library at all levels to promote reading and to develop students' information - handling skills in context of subject-related research assignments. Outside resources (eg. Internet) and agencies such as the National Library will be made available.
6. The Library will be available for student use before and after school and at Lunchtime.
7. ICT equipment will be available for student use.

Adopted by the Board of Trustees: 13 May 2019
