

Fundraising

4.4

Rationale

1. The Waiuku College Board of Trustees recognises that the enhancement of school activities may, from time to time, require additional fundraising activities. All such activities must be both in alignment with the schools values and also conducted within the School's financial and management protocols in order that such activities comply with standard financial management procedures

Requirements

1. All fundraising activities must have the Principal's approval.
2. Sponsorship is considered as fundraising and must have the approval of the Principal.
3. Management of all funds raised must meet general school procedures on financial management and accounting.
4. For any raffles or lotteries for naming rights to school related resources, activities or teams – the Principal has the right of veto to any outcomes that may be deemed not appropriate or in alignment with school values.
5. All grant applications must be pre-approved by the Principal before submission to the Board for approval. The Principal reserves the right to coordinate and manage grant applications to best maximise the benefits to the school.

Adopted by Board of Trustees: March 2018
